Box 1 - Shows **TOTAL OVERPAYMENT** before credits, refunds, contributions, consumer's use tax payments or offsets of state and local income tax for a previous tax year. Any refund or overpayment for this amount should have been previously issued or credited to your account. If there is an entry in this box, that amount may be taxable on your federal return if you deducted the tax paid as an itemized deduction for that year. See the instructions for Forms 1040 or 1040A for more information.

Box 2 - Amount of interest paid on tax refunds. This amount should be reported on your federal return.

Box 3 - This identifies the tax year of the refund shown in Box 1.
